passion2action PROJECTS Application

About passion2action PROJECTS

passion2action PROJECTS is our **project-based skills and leadership development program** for teams of young people from throughout SK. The program will support you to take local action on the global goals that you are passionate about by **designing and implementing a community service project**.

The passion2action PROJECTS program involves five components:

Microgrants

Small grants ranging in dollar value – up to \$1000 – to support the implementation of a community service project and help remove the financial barrier to taking action on your ideas

Project Support

From the initial project pitch to its implementation, our team is there to support you every step of the way and will be in regular contact to check-in on your progress and provide ideas and guidance

Mentorship

In addition to mentorship from members of the passion2action PROJECTS team, we will work to connect project teams with relevant community leaders to serve as expert mentors

Leadership Development

As part of the passion2action PROJECTS program, you will be expected to participate in leadership development workshops to learn important skills for the success of your projects and for life

Networking

To inspire and be inspired, the entire passion2action PROJECTS cohort will participate in networking opportunities to connect with other passionate and motivated young leaders from across the province

passion2action PROJECTS is proudly supported by

SECTION 2 – Motivations

In this section, we want to learn more about why you're interested in being a part of the passion2action PROJECTS cohort.

Why are you interested in participating in passion2action PROJECTS?

What do you hope to gain from this experience?

Why are you motivated to make a positive impact in your community?

SECTION 3 – Project Ideas

In this section, we want to learn about your passions and potential project ideas.

We do not expect you to have a project idea fully developed. Part of the passion2action PROJECTS program will involve defining your community service project and you may change your project idea after being accepted into the cohort.

What UN Sustainable Development Goals (SDGs) are you passionate about? Why?

Learn more about the seventeen Global Goals at <https://sdgs.un.org/goals>

What are your initial ideas for a project you could implement in your community?

What impact would your project have locally and globally?

In what ways will your project work to address gender equality? How will environmentalism be incorporated into your project design?

What are the potential risks for your project and what consultations / research has been conducted to mitigate the risks?

SECTION 4 – Confirmations

In this section, we want to make sure you understand the full scope of the passion2action PROJECTS program and the expectations if you are selected as part of the cohort.

If you have any questions, please reach out to our team at projects@passion2action.ca.

- We understand that participating in the PROJECTS program is an approximate time commitment of 2 hours / week
- We understand that we will be expected to participate in PROJECTS sessions (virtual) that include project check-ins, leadership development modules, mentorship opportunities, and networking events
- We understand that receiving the microgrant funding is conditional on regular participation in the aforementioned program components
- We understand that all projects must be completed no later than April 2026
- We are young people between the ages of 18 and 35 from Saskatchewan

SECTION 5 – Submission

After completing this application form, please email it to projects@passion2action.ca

Applications for the passion2action PROJECTS cohort will be evaluated on an ongoing basis. You can expect to receive an email confirming receipt of your application within 48 hours of submission.

All applicants will receive communication, via email, from passion2action regarding the status of their project application.

After review by the passion2action and SCIC teams, shortlisted projects will be asked to present to a panel of judges in a pitch session, with microgrant funding and a place in the PROJECTS cohort being awarded to the top project pitches.
